RATTLING ARRAIGNMENT

**SENSATIONAL CHARGE
MADE AGAINST DR.
BALDWIN.**

**Coroner Mehrmann
Makes Startling
Statements.**

**LIVELY ROAST ON MEM-
BERS OF BOARD OF
SUPERVISORS.**

Coroner H. B. Mehrmann fired a thirteen-inch gun at the meeting of the Board of Supervisors today. It made a tremendous report, but there is bound to be a big reaction.

AS TO THE EXPERT.

Dr. Mehrmann says: "Let me say right here that I will prove to you gentlemen that I have done in this matter—nothing but what was done by my predecessor in office, and his action in these matters was sanctioned by your Board, and the Board before you, and the items which are now charged to me are charges which have been made by the Board in the past four years at least, and your expert in the past and the present has found no fault with the same. I would say that Mr. Baldwin now has a bill for the term of his office for the three months subsequent to January 1, 1899. He allowed the bill of Dr. Baldwin for the three months prior to January 1, 1899, containing the identical charges which my claims have contained. Now, if these charges are correct, does it not appear that Mr. Baldwin was derelict in his duty as expert to this county? It certainly shows that an expert is exceedingly slow to become acquainted with the duties for which he hires himself out as a specialist, when it requires six or eight months for him to discover that the county is being robbed in broad daylight and under his very nose. What do you, or rather what do you as a responsible public body of a Board of Supervisors who have passed and approved these charges continuously for a period of four years? Then he suddenly attacked me as a person of vicious indignation and such other epithets with a hostile attitude and threatened to have me arrested and imprisoned, and to say that I had been arrested and imprisoned by members of the Board in this matter. For from it.

WANTS HIS FEE.

"Some of you have been somewhat mixed, and in a moment of carousal have permitted the public press to throw upon my shoulders an odium of unbecoming character. Gentlemen, when I ran for the office of Coroner I did it only with the expectation of adding to the law of this State and to the people of this State, any fee I ever received. I am not a greedy man, and I am not avaricious. I certainly do not want, and therefore my feelings cannot be hurt when such attacks are made in my bills and in the public press."

Coroner Mehrmann then goes on to make a long statement of his case, occasionally taking a dig at Expert Baldwin. He presents many figures to show that the bills he presented to the Board were the same as those presented by his predecessor. This portion of the statement is very long.

AFTER SUPERVISOR WELLS.

The Coroner says: "If Mr. Wells denies that he has taken an active part in this investigation, why is it that he has told people as he has that the Coroner had a peculiar way of business, that a friend of his (Wells) went off to the County Jail and brought a dead body to the County Jail and got nothing for his labor and that the Coroner's deputy simply picked the body off of the street and carried it into the morgue and was allowed five dollars for his services. Was it honest in the face of the Coroner's statement, and myself to see that his man got paid

for his service—a service that he had no right to perform?

"Some people might see in Mr. Wells' action in this matter a studied effort on his part to throw mud at his 'friend' the Coroner, and thereby earn for himself in the heart of the grateful taxpayer the reputation of being the 'Old Watch-dog of the Treasury.'"

WILL MR. WELLS DENY.

Will Mr. Wells deny that he went to my deputy in Washington Township, L. L. Francis, of Contra Costa, for the purpose of obtaining data upon which to base an investigation as to supposed illegal charges made by me?

Will Mr. Wells deny that he stated to Francis that I was charging an illegal fee of two dollars for interviews and that there was no law providing for the five-dollar fee for the removal of bodies, and that he was going to investigate the matter? Did you not, Mr. Wells, also tell Mr. Francis that the Coroner had no right to have deputies?

TRAPPIED IN DEAD BODIES.

"Does Mr. Wells wish to start a traffic in dead bodies? If so, I think there is one undertaker here who would give him a premium on the removal of bodies. If Mr. Wells was aware of how undertakers fight for the remains of a human being, he would perhaps have hesitated in even suggesting such a proposition. Should Mr. Wells suggest to be taken seriously and given effect then Mr. Baldwin might well cry aloud 'let us protect the families of deceased persons' and then they would assuredly need protection—perhaps police protection."

AFTER MR. CHURCH.

"You need not be surprised when I tell you that Mr. Church personally has no reason for doing what he has done. He knows that he did all the law allows. During the late campaign to induce my charges of a great deal of revenue to be paid to me, I was frequently promised my friends to do so. He certainly will not deny that on the day of the election he said to me over the telephone that he was going to do so. I know you would say, 'Hypocrite, the name is Will Church.' No, Mr. Church is not trying to pay a political debt. It is not in him. That which he is trying to do is this: He is acting as the power which is giving a great deal of revenue to one of the smallest men in body, principle and common sense that it has ever been my misfortune to meet. This man who was a naturally intelligent man, was by the manipulation of a political party, and elevated to a political position in 1894, is the cause of Mr. Church's unusual activity in this investigation."

AS TO THE DOCTORS.

"Mr. Church, at the meeting of this Board of July 12th, 1899, rushed forward with questions as to whether or not he (Church) had instructed him to make a close examination of the Coroner's accounts, to all of which Mr. Church fully answers in the negative. Now, if he had instructed me, my voice that would expect him to answer in the affirmative."

"Mr. Church has certainly sufficient sense not to discharge himself. A guilty conscience is a great deal of trouble. I did not pick Mr. Wm. Church because I had not asked those questions at that time. Will you say Mr. Church that I had agreed to assist you in your efforts to make the County Jail a place where you could give the County Jail no money, and that if I did not, my friend Dr. Baldwin, who surely needs it? PROMISES MADE."

"After all this had been done were you not informed that the County Jail position was promised to my friend Dr. C. L. Tisdale, of Alameda, and that if Dr. Tisdale was removed from the County Jail Tisdale must have it and not Dr. Baldwin?"

"Will you deny that when this dilemma occurred a scheme was concocted by you which I should take my friend Tisdale out of the County Jail first by guaranteeing him a certain number of autopsies per month in order to prove to the Supervisor behind Tisdale that the latter would be assured of \$75 per month so that you could induce your friend Baldwin in the County Jail? Was I not to bring Tisdale to Oakland to hold autopsies, notwithstanding the fact that at least 100 competent physicians reside in this city, who possess the necessary qualifications to enable them to hold autopsies? Is it not a fact, Mr. Church, that when I refused to import an autopsy surgeon from the Emerald City across the marsh to enable you to place your friend Baldwin in the County Jail, that you determined to 'avenge his disappointment, or are you endeavoring to place an outraged conscience for having tried to devise another avenue for the distribution of public funds by cutting the legal fees of a county officer because he declined to be a party to your proposition? Perhaps you will deny that the following conversation took place between Dr. Baldwin and yourself last Butcher's Day, May 24, 1899, while you two worthy gentlemen were on route from the Emeryville race course to the City of Oakland to follow your plotting pursuits?"

DR. BALDWIN ROASTED.

"Dr. B.—Can they do anything to me for my overcharges? Will?"

"Mr. Church—No Bob, what bills we have paid are done with and can't be recovered."

"Dr. B.—I want you to stick it into this."

"Mr. Church—Don't talk so loud Bob."

"Dr. B.—I don't give a—; I want to see him stuck."

"Mr. Church—Leave it to me Bob and I will stick it into him."

"Dr. B.—You are sure they can't touch me for my overcharges?"

"Mr. Church—Yes, I am, Bob."

"Dr. B.—Oh, I—I don't follow ever again I'll beat that off of him."

"Mr. Church—No Bob, what bills we have paid are done with and can't be recovered."

"Dr. B.—You will be sure to do this for me, Will?"

"Mr. Church—Just leave it to me, Bob."

"And you last heard of this enlightened race-track talk was: 'You are sure they can't do anything to me for my overcharges?'"

"Mr. Church, I will ask you, was the subject of this conversation the late July two worthy gentlemen had bet on and lost, or was it the Coroner of Alameda County? As I have said before, this little fellow who does his work from under the table is frightened to death that he will be caught in his own trap, and like the men of his kind wants some one else to shoulder all blame. We here find him using Supervisor Church as his dupe."

GRAVE CHARGE.

While Coroner this little man drew down all that there was legitimate in the audit and followed the new rule recently prescribed by Mr. Baldwin, he must have had a small-sized rake-off on the legitimate as well. It has been hinted by the late Coroner's enemies that in his capacity and greed for gain he attempted to exact from an employee a portion of the latter's earnings. But of course such an insinuation would be scorned by the doctor's friends.

I must be apparent to every one with ordinary intelligence that the sole purpose of certain members of this Board of Supervisors, (1) in instituting this investigation, (2) in conducting it in the manifestly unfair course which has been pursued, and (3) in postponing the disclosure of claims that your expert has declared were legal, was to inflict a financial and petty revenge of one member of this board and his distinctive shadow."

THE CONCLUSION.

"Men in your positions should be above the petty jealousies of a youthful age, and in their deliberations should not allow themselves to be influenced by motives of personal feeling. The high office which the voters of Alameda County have bestowed upon you should not be used as an instrumentality for the righting of imaginary wrongs and the settlement of personal grievances. Such offices should be dignified by those who occupy them."

Andrews, who set out from Atlantic City, N. J., on July 18th, to cross the ocean in a dory twelve feet in length, report that when off the banks of Newfoundland, the watch noticed Andrews' boat.

EIGHT-HOUR LAW INVALID.
The Colorado Courts Declare the Statute Unconstitutional.

Associated Press Dispatches by The Tribune's Special Leased Wire. DENVER, July 17.—The Supreme Court today unanimously decided that the eight-hour law is unconstitutional. The opinion is not yet written and will be filed later.

The eight-hour law, which was enacted at the late session of the Legislature, applied only to mines, smelters and mills for the reduction of ores. The refusal of the American Smelting and Refining Company to pay the entire wages for eight hours as had been paid for ten and twelve hours caused its smelters to be closed on June 15th, when the new law became operative.

This company, which is known as the Smelter Trust, will now endeavor to reach an agreement with its former employees as to wages and hours of labor and to reopen its smelters as soon as possible. Officers of the Smeltermen's Union say that the company's men, who formerly worked twelve hours a day, will work but eight hours in the future.

CHANDLER ON THE WARPATH

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, July 17.—As a sequel to the sensational scenes which accompanied the hearing before Civil Service Commissioner Brewer last week in New Hampshire, when Senator Gallinger was charged with having violated the civil service law, Senator Chandler, it is understood, has lodged a formal complaint with the President against Mr. Brewer. All information as to how far the complaint goes, whether it asks for his removal or not, is refused at the White House.

FATALLY HURT

Runaway in Which a San Leandro Man Has His Ankle Broken.

Associated Press Dispatches by The Tribune's Special Leased Wire. TRUCKEE, July 17.—One of the most serious stage accidents ever occurring in this vicinity took place last night when the stage driven by Sam York was upset on a sharp turn, after a half mile runaway by the four horses who were drawing it.

STAGE HORSES BOLT.

A party of San Francisco and Sacramento people were returning from a trip to the lake, and were about six miles from here when the horses driven by York became unmanageable and ran away.

YORK, WHO IS ONE OF THE MOST EXPERIENCED DRIVERS IN CALIFORNIA, HAVING had forty years' experience, tried to regain control of his animals, but was unsuccessful, and they plunged along the dangerous road at a furious gallop, until the coach reached a sharp turn, when it was upset, throwing the occupants out, fatally injuring York.

PASSENGERS HURT.

The passengers who were most seriously hurt are: Charles Haselmann, San Francisco, badly bruised; J. A. Holligan of San Leandro, ankle broken; Holligan's brother-in-law, hands and face cut; Mrs. Burns of Sacramento had her arm badly wrenched, and her little child was injured about the face. The accident would doubtless have been much more serious had not a bolt broken, releasing the maddened horses.

SAN LEANDRO MAN HURT.

All the injured passengers in the stage accident will return to their homes on the midnight train. Mrs. Shoemaker and York, who dressed their wounds, found no broken bones except in the case of J. A. Holligan of San Leandro, who sustained a fracture of one of the ankle bones. All were suffering from scratches and bruises, but none were seriously injured. Had the stage been drenched down the steep grade, the accident would have been fatal.

Sam York, the driver, is conscious this morning, and slight hopes are entertained of his recovery.

CARS RUNNING IN BROOKLYN.

Strike Leader Claims the Men Will Yet Win.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, July 17.—About two-thirds of the cars on all the lines of the Brooklyn Rapid Transit Company, except the No. 1 line, are running this morning. The cars are all pulled by the general officers in the field. We believe that the dispatches incorrectly represent the existing conditions among the Philadelphia in respect to discussion and discussion. The result of the American campaign and the brigand character of the enemy.

"We believe the dispatches err in the declaration that the situation is well in hand, and assuming that the insurrection can be speedily ended without a greatly increased force."

"We think the tenacity of the Philippine purpose has been underestimated, and that the statements are unfounded that volunteers are willing to engage in further service."

"The censorship has compelled us to participate in this misrepresentation by excusing or altering uncontroverted statements of fact, and the plan as General Otis stated, 'that they would attack the people at home or have the people of the United States by the ears.'"

"Specifications: Prohibition of reports; suppression of full reports of field operations in the event of battle; systematic minimization of naval operations and suppression of complete reports of the situation."

The Carmen Claim the Company Broke Faith.

Associated Press Dispatches by The Tribune's Special Leased Wire. CLEVELAND, O., July 17.—The conductors and motormen of the Big Consolidated Street Railway system, who were on strike last month, went out again at 4:15 this morning. Most busloads of men are affected. They claim the company has not lived up to the agreement made which ended the former strike.

The decision to declare another strike was reached after a meeting of the men which lasted practically throughout the night. During the early hours of today not a car was running on any of the Big Consolidated lines, fifteen in number. The officials of the company have asked for police protection, and say they will attempt to start cars on one or two lines very soon. Large crowds congregated at all of the buses of the company, but so far as known no violence has been committed.

BARK WON THE MONEY.

Three Sugar Ships Race From Hawaii to Delaware.

Associated Press Dispatches by The Tribune's Special Leased Wire. PHILADELPHIA, July 17.—A race of 15,000 miles for a prize of \$10,000 terminated at the Delaware breakwater yesterday, by the arrival of the ships 1. F. Chapman and W. F. Babcock and the bark St. Catherine from the Hawaiian Islands. All three are American built and American owned vessels, and are commanded by American skippers. It was while the vessels were taking cargoes of sugar that their masters arranged the race. Alliance was made for the difference in time of the departure of the vessels, but notwithstanding over two weeks elapsed between the dispatch of the first vessel, the Babcock, and the

last, the St. Catherine, all of the vessels arrived within a few hours of each other, with the St. Catherine a winner.

The Babcock, Captain Colley, left Honolulu March 28. The Chapman followed the Babcock and the St. Catherine squared their sails from Hilo, a port two days' sail from Honolulu, on March 22d.

It was after Cape Horn had been rounded that the St. Catherine came up to her competitors, the Chapman having caught the Babcock while both were in the Pacific. With the three vessels close together, the race began in earnest, the St. Catherine steadily holding the lead. After being beatified for a week near the equator, the race once more began, the stanch bark still showing the way.

All the Delaware crews were rescued, and the rattle of her anchor chain brought the contest to an end. The others came in a few hours later and cast anchor about the same time. The Chapman is commanded by Captain Thompson, and the bark by Captain Matthews.

DECK HANDS ON A STRIKE.

Steamers Tied Up at Sacramento Over a Wage Dispute.

Associated Press Dispatches by The Tribune's Special Leased Wire. SACRAMENTO, July 17.—The deck hands on the up-river steamers Red Bluff, Jacinto and Varuna, belonging to the Sacramento Transportation Company, struck last night for higher wages. They had been receiving \$10 a month and board and now want \$50 a month. They claim that their hours of labor are too long. As a result of the strike those steamers are laid up. The company's agent here says he will be able to secure other men to take the places of the strikers.

THREAT. CLOSE BATTLE.

Coroner Mehrmann Old Couple Nearly Sheriff's Posse Shot
Must Refund Money Burned to Death to Pieces by
to County. This Morning. Outlaws.

The Board of Supervisors was called to order by Chairman Talcott at 10 o'clock this morning.
At the instance of Mr. Roth the action of the board at its meeting of July 13th on the matter of the laying of block pavement for the new street was reconsidered. He stated that he had information from the contractors, the Messrs. Cotton, that the railroad had agreed to lay milled timber flush with the rails, and that they would if the board did not pass a new resolution, adapted to this latter information.

Thirteen applications for relief were presented and referred. Four of them being in cases for the Hospital Committee.
The morning was well advanced when the all-absorbing matter of Coroner Mehrmann's bills and fees was reached. Ex-District Attorney Charles E. Snook started to explain about the rejection at the former meeting of a bill of the Coroner for \$207.75, when Mr. Roth asserted that that was merely a duplicate bill, rejected as such, and as the board understood, on the Coroner's desk. On this the duplicate withdrawn. On this the Coroner withdrew his objection. "Our first clerk then is withdrawn," Assistant District Attorney Melvin at this point has to have his presence being deemed desirable by both sides to the controversy.
Mr. Roth, to go the subject before the board, moved that the bills of the Coroner now before the board be allowed in accordance with the resolution passed by the board.

Mr. Snook objected to that motion as sacrificing the rights of his client to subsequent local action.
Mr. Roth's motion not being seconded, Mr. Mitchell made a motion, seconded by Mr. Church, that all action of last Monday afternoon, in reference to the Coroner's claims be reconsidered.
There being some question as to the phrasing of Mitchell's motion, he made it over again in this form: "That all action in relation to Coroner's claims, matters by this board at Monday's meeting, subsequent to the motion to postpone to this date, be reconsidered."

The board adopted this motion. Supervisor Roth withdrew from modifying his bill so as not to affect the resolution sustaining the action of the Finance Committee.
Mr. Snook then argued that the Finance Committee had not followed the instruction of the board upon bills. Instead, the resolution holds all the Coroner's bills until the alleged \$2 fees and mileage overcharges on certain old bills be repaid. He again insisted that the decision of so high an authority as the Finance Committee had decided that the Coroner's claims were a finally so far as its own action was concerned. He made the remark, "It may be necessary for us to retain the board from paying out any money at all until it attends to these bills."
Mr. Wells wanted to know whether that was a threat.
"No more a threat than was the action of the board in holding back our bills until deductions are made from our bills already passed," was the reply.
"Then I understand that the observation was addressed to me merely as a citizen," said Mr. Wells.
"Only a suggestion, nothing more," said Mr. Snook.

In response to an inquiry by Mr. Roth, Mr. Snook admitted that his client would refund the alleged mileage overcharges on the old bills, although not conceding the board's power to enforce that action.
The opinion of Assistant District Attorney Melvin was here cited, to the effect that the Board of Supervisors has no right to demand anything in payment of claims which it has determined in the past.
Mr. Roth seemed astonished at this and said, "There seems to be a difference of opinion then in the District Attorney's office."
"Rather," retorted Mr. Snook. "Unusual as it is, Mr. Roth, in this instance, seems to have got twisted."
A motion was made to postpone consideration of the matter until 2 o'clock tomorrow. Coroner Mehrmann, for the first time spoke. He said:
"I can't sacrifice all of my private business for this petty wrangling. I simply want to know where I am at. I wish to find out what back there is to the rumors on the street that I am to be indefinitely held up in this manner. I also wish to know whether I am Coroner or not."
It was finally decided to postpone the matter until this afternoon at 2 o'clock. This afternoon Dr. Mehrmann was permitted to read his report to the board. His bills were referred back to the Finance Committee.

CONTEST TO TAKE CHILD FROM FATHER.

The first move was made this morning in what promises to be an interesting contest for the possession of a child.
About a year ago Mrs. Eva May Beagle, of San Francisco, adopted Florence, then 7 years of age, with the consent of the father, Henry Beaver. A few months later she was convicted in the Police Court of battering the child. Proceedings were then instituted to remove the little girl from her custody. The father was granted letters of guardianship and placed his child in charge of Mrs. Montgomery at the Beulah Home in this city, where she is at present. Now there is a big contest over the little one.

DIRECTORS BOARD OF TRADE HOLD MEETING.

The Board of Trade held a meeting this morning and transacted routine business. The board was asked to appoint delegates to the Central Club. Librarian, Greene and others made an appeal for a new library. The speakers were told to prepare a resolution and present it to the board. The matter of appointing delegates to the Central Club was left to Chairman Ed. Klein, who had then passed a resolution favoring a new library building.

WAS O'CONNELL MURDERED IN COUNTRY?

William O'Connell of 215 Sixth street is apprehensive of the fate of his son, John O'Connell, who left this city in August of last year with several other young men who were supposed to be going to the Philippines. He is now in the hands of the Philippine government, and the young man had been away from home before, but had written at intervals. He has not been heard from since he went away.

TWO BATTALIONS COMING.

Associated Press Dispatches by The Tribune's Special Leased Wire. HARRISBURG, Pa., July 17.—The movement of the First and Third battalions of the Nineteenth Infantry from Camp Meade to the Philippines, via San Francisco, over the Pennsylvania line, started this morning. There were five trains, one of eighteen cars, containing regimental baggage and equipment, and the others of ten and eleven cars each for the soldiers.

OLYMPIA'S BILL OF HEALTH

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, July 17.—A dispatch from Port Said to the Herald says: Quarantine regulations prevented anybody from shore setting foot on board the Olympia. Had such a thing happened, she would be quarantined at Trieste. Now she will get past quarantine there.

Back From Alaska.

Mrs. Frank J. Moffitt and Jefferson C. Moffitt returned yesterday morning from Alaska. They made the trip on the Queen and visited Juneau, Sitka, Dyea, Skagway and Fort Wrangle. From Dyea they went to the foot of the Chilkoot and then to the foot of the Chilkoot. At Sitka they visited the old Greek church, an interesting relic of the Russian occupation. The church contains, among other curious things, a remarkably fine picture of the Madonna framed in gold and silver. The Indian peddler of relics and curios are numerous and interesting. Mrs. Moffitt brings home a number of very interesting souvenirs of the trip.

TO WHOM IT MAY CONCERN

I see in the Tribune of the 15th inst. Healer Rickard's advertisement, in which he makes mention of several parties cured who do not desire their names published.
I am only too glad to write this testimonial, if I can be the means of helping some poor sufferer. I had sick and nervous headache for several years; sometimes they were so severe that I was obliged to remain in bed for hours at a time. I also suffered with acute neuralgia, so bad at times that the doctor could only relieve me by putting on adhesive straps. I tried doctors for 2 years without relief. I was not relieved until I was attended by Healer Rickard. At the first treatment I was better, and after several treatments the pains entirely disappeared.

Mrs. Cuttle, who resides with me, suffered untold agony with rheumatism. After five or six treatments she was permanently cured. My mother, who is 88 years old, was benighted very much by the complication of troubles. There are several who have cured of various ailments to my knowledge, such as tumors, dropsy, bad stomach troubles, and asthma. One dropsical patient was so bad that by passing one's fingers over the abdomen it would leave an impression. The lady told me she was cured, yet she does not want her name published, which is something I cannot understand. I might mention, however, other cases cured or relieved by Healer Rickard at his office, 361 Clay street, corner of Ninth, but perhaps I have said enough for this time.
Yours respectfully,
MRS. A. E. THOMSON.

Mr. H. N. Warner, of Minden, Neb., said:

"In 1894 I was attacked with paralysis in my left side. You might stick a pin to the head into my left hip and I would not feel it. I was unable to do any kind of work and had to be turned in bed. I made up my mind that I could not be cured as I had used all kinds of medicine and had tried many doctors. I was advised to try Dr. Williams' Pink Pills for Pale People, and commenced their use last September. Before I had finished my first box I felt better, and by the time I had used six boxes the disease had entirely disappeared, and I have not been so free from pain since I was a boy. The paralysis also disappeared, and although two months have passed since I finished my last box, there has been no recurrence of the disease."—From the Gazette, Minden, Neb.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as leucemia, stasis, partial paralysis, St. Vitus' dance, neuritis, neuralgia, rheumatism, nervous headache, and other effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are not sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 60 cents per box, 6 boxes \$2.50.

**NO SHADE TREES
FOR SIXTEENTH STREET.**

City Attorney Dow has returned to the
Council a resolution, Mr. C. C. Dow,
providing for the planting of palm trees
along Sixteenth street from Bond street to
Wood street in this city, appropriating \$500
from the general fund for that purpose.

As a reason for so returning the measure
Mr. Dow says:

"The expenditure of public money for
beautifying public streets in the manner
contemplated by said resolution, would
be unauthorized by law, inasmuch as the
city of Oakland has no authority to plant
trees on its streets, and the expenditure
of street expenditure is limited to such
construction, repair, cleaning, watering and
other work as may be necessary for their
proper improvement and maintenance for
public travel, and the planting of trees
is not included in the list of work
authorized for the city, and the expense
to be incurred therefor is not included
in the list of work authorized for the city,
and the trees authorized to be planted are
limited to shade trees."

and the Tribune won by a score of 10 to 9.

The game was played at the
Tribune grounds, and the Tribune
team was coached by Mr. J. H. Fisher.
